

Wto-Proteste 2009 in Genf – Aktion am 1. Dezember 2009

von Johannes Lauterbach

Die Proteste im Konferenzzentrum erreichen ein hohes Niveau, bei der Aktion gestern Nachmittag wurde Charles Dicken's Christmas Story (mit leichten Variationen) aufgeführt:

Scrouge-Lamy wurde von den Geistern der vergangenen und der gegenwärtigen WTO heimgesucht die nur Untergang verhiessen:

Der Geist der Vergangenheit der WTO singt (zur Melodie von Oh Tannenbaum):

"Hello Lamy, hello Lamy
the past has come to greet you
Seattle, Doha and Cancun
they show your past just leads to ruin
hello Lamy, hello Lamy
the past has come to greet you"

Der Geist der Zukunft singt:

"Hello Lamy, hello Lamy
the present is no better
doubl U TO must turn around
its knees are nearly on the ground
hello Lamy, hello Lamy
the present is no better"

Verzweifelt schrie der arme Lamy-Scrouge nach dem Geist der Zukunft der WTO, worauf ihm von den Umstehenden zugerufen wurde: no Future!!

Anschließend sangen alle

(zu "These boots are made for walking/Nancy Sinatra):

"You've been saying' you can give the answers
Since Seattle you know its a mess
Doha's dead and Cancun stopped the show yeah
So what's right is right but you ain't bin right yet
This movement's made for walking
And that's just what it do
Don't scrooge up our future
Or we'll walk all over you"

**Alle Liedtexte stammen von Carol Bergin (Initiative Colibri),
weitere Kostproben, auch als Anregung für andere Aktionen:**

Jingle Bells (bei der Eröffnungsaktion):

„No new round, turn around

the world has had enough
all your threats an 'bluffs an' bets
are simply empty stuff
Ooh
Doha's dead so go away
We've had enough of you
Aid for trade is the game you play
Its empty through and through"

Chorus:
Stop double U T O
From threatening the poor lands
your mouths are full of lies and empty
are your hands

Jingle Bells Alternative

Rivers dry, deserts spread
our climate's on the blink
trade laws are corrupted
it's time to see the link!
ooh
Food is scarce, prices high
water's running out
time to change the trade laws
and hear us as we shout

Stop double U T O
Playin' the corporate game
your rules are all corrupt
our climate's not for sale

Stop double U T O
Playin' the corporate game
your rules are all corrupt
our climate's not for sale

Can't buy me love (Beatles) - bei der Agrarverbrechertour:

"Our seeds are not for sale my friend
just to keep you satisfied
Cargil and Monsanto
Well we know that you just lie
Stop G-M-O corporations
Business can't buy the world
can't buy the wo-orld, listen while we tell you so
can't buy the wo-orld, GMO NOOO!

Food Sov'reign-ity for all
and all basic human rights
forest and fields are dying

so we won't give up the fight
we dont care too much for Lamy
Bullies can't rule the world
can't buy the wo-orld, listen while we tell you so
can't buy the wo-orld,nonono NOOOO!

It's been a hard day's night (Beatles)

It's been a hard ten years
since Seattle stole the sho o ow
it's been a hard ten years
and now it's time for you to go o o
now in Ge-neva you'll find the whole wo-o-orld is near
to gi-ive you the final OUT

Disappear that is the right thing to do
Disappear and take your crisis with you, yeah

it's still an unfair fight
coz you've been cheatin' all along
you know that we've been right
and all your lying has gone wro o ong
so let us sing loud and clear
civil society's still here
and we are not gonna be-e-quiet

Disappear that is the right thing to do
Disappear and take your crisis with you, yeah
